

For the attention of staff of Amey or their
subcontractors:

YOU DO NOT HAVE PERMISSION TO OVERSAIL ADJACENT PROPERTIES

Residents of an adjacent property have refused permission for staff of Amey PLC, their subsidiaries or sub-contractors to enter their houses or gardens, or oversail their properties to carry out work. This means that you will not be able to fell this tree.

‘Oversailing’ includes both people working directly above the house or garden and any materials under their control moving through the airspace above the house or garden.

Oversailing without permission will be treated as trespass, and work undertaken by means of such trespass may be unlawful and a breach of Amey’s contract with Sheffield City Council.
